

Philadelphia Foundation is the host organization for the Greater Philadelphia Corporate Volunteer Council (GPCVC). The GPCVC is a coalition of member corporations dedicated to increasing the collective impact of employee volunteer engagement by fostering greater collaboration between the business and nonprofit sectors. It helps amplify, guide and promote corporate volunteerism.

By engaging the most important asset of any corporation — its employees — nonprofits can access additional skills and expertise to propel their missions.

The Key Skills Hub is the Philadelphia Foundation's marketplace for volunteerism, where the community and corporate sector meet to work toward improving the quality of life in our neighborhoods, our city and throughout the Greater Philadelphia region.

The hub matches passionate, skills-based volunteers with opportunities to donate their time to nonprofits seeking assistance in the areas of business strategy, marketing, accounting, graphic design, human resources, website development and more.

## HOW IT WORKS

The Key Skills Hub serves as a centralized, online marketplace to match skilled volunteers with nonprofits seeking expertise to propel their missions. Nonprofits and volunteers both fill out profiles that articulate their skills, needs and areas of interest. Each partner – the nonprofit and the professional – decides if the connection is the right fit. Once the link is made, these powerful partnerships build stronger nonprofits.

There are two ways to volunteer:

- Complete a full, pre-scoped project.
- Serve as an expert on a 1-hour strategy call.
